ThinkCentre®

About ThinkVantage Technologies...

ThinkVantage Technologies are integrated into ThinkCentre systems to help users help themselves — and reduce the burden on your help desk.

Selected models include unique tools, including ThinkVantage Productivity Center, ThinkVantage Client Security Solution and ThinkVantage Rescue and Recovery™, that make managing systems, security and even recovering from system crashes quick and easy.

Deploy the most secure desktops in the industry

Selected ThinkCentre desktops feature the ThinkVantage® Client Security Solution to offer built-in encryption hardware and preloaded security software for maximum protection. No other manufacturer offers stronger PC security as a standard feature.
